EXPERIENCE

Vaishno Inc.   **May 2013 – Present**
Assistant Manager   *Savannah, GA*

- Managed day to day activities of gas station; retail, lottery, stocking, reporting and renovations

Fulfillment.com   **July 2015 – August 2019**
Inventory Technician   *Savannah, GA*

- Accounting of inventory; receiving, processing, recording, distributing supplies.
- Used the Deposco application for data entry and trained others.

COVID Info Page

- Side project that shows a map and table of the local count of coronavirus cases in Georgia. Also includes links to recent news articles, notable health websites, and a section on safety protocols.
- Used HTML5up template which used bootstrap, javaScript and Sass. I customized a large portion of the template to add my content. The website included an iframe, multiple news tabs, and poster images.

Documentation of "Bal Sabha"

- From scratch project detailing the activities during a weekly bal-sabha(kids-assembly) at a temple I go to.
- One of my more creative projects, I explored many different animation and color schemes in this project.

Customer Survey Form

- From scratch project displaying a survey form for customers to answer at a gas station.
- Used different types of input types in the form. Used media queries to keep the website responsive.

EDUCATION

Mercer University   **Fall 2015-Fall 2017**
Georgia Southern University   **Spring 2017-Fall 2018**
Relevant Courses:

- Programming (Java), Advanced Programming (Java), Intro to Computer Principles, UNIX and Web Development, Intro to Cyber Security, Cyber Ethics

Responsive Web Design Certification (300 Hours)
JavaScript Algorithms and Data Structures Certification (300 Hours)

SKILLS & INTERESTS

- **Preferred Languages:** Java, JavaScript, HTML5, CSS
- **Frameworks:** Bootstrap. JQuery, SASS
- **Other Interests:** Avid sports fan; unfortunately a huge Cowboys fan. Commit a lot of my time at Savannah's BAPS temple. On a team that plans and executes events/programs at the temple.
